

# Wireless Smart Socket WL-ICS-A01

## Main Features:

- ZigBee (802.15.4) mesh network communication
- Exquisite appearance and can be placed at the back side of the furniture
- Easy installation
- No need to layout of special cable in the room
- It can join the network simply by powering on and pressing the identification
- NFC-enabled control

## Technical Parameter

Load Capacity	2200W Max
Load Type	Incandescent lamp, tungsten halogen lamp Adjustable magnetic low-voltage lamp

	Adjustable electronic low-voltage lamp Fluorescent Lamp, energy-saving lamp, LED lamp
Low Voltage Load	Like motor and ventilating fan
Communication	Wireless Zigbee(IEEE 802.15.4) mesh network
Effective Distance	indoor 50m
Temperature	10°C to 50°C
Humidity	5% -- 95% non-condensing
Power Supply	240 V +/- 30% 50-60 Hz
Dimension	Lx W x H: 120mm*75mm*65mm
Color	white, apricot, black
