

AC Adapter Hidden Camera and DVR

AC adapter with built-in camera and DVR features 720x480 resolution @ 30fps, with 16GB SD card capacity and plugs into any electrical outlet

This AC Adapter DVR looks like an average AC wall plug adapter and functions as a covert camera and DVR. The high-quality covert unit has a built-in camera and DVR that allows you to monitor and capture activity in any desired environment. The unit is easy to install and operate; all you need to do is insert an SD card, and plug it into any working AC electrical outlet, and the DVR will start recording as soon as motion is detected.

Comes with 90-day warranty.
