

Wireless IR iPod Dock Hidden Camera with DVR and Quad LCD Monitor/Receiver

Capture video in low light with 20 ft IR range and view video remotely

The Wireless IR iPod Dock Hidden Camera with DVR and Quad LCD Monitor/Receiver captures video in low light with a 20' IR range. The all-in-one security solution features USB and RCA compatibility, on-board storage for video (onto an up to 32GB SD card), and multiple recording modes. Unique features include quad viewing to view and record up to 4 cameras, with 1-4 camera views, at 640 x 480 video resolution @ 30 fps per channel—and convenient remote viewing with included web software and easy access web link, from your web browser, iPad or iPhone.

WHAT'S INCLUDED:

- » iPod Dock Concealment with Built-in Hidden Camera
- » Wireless Receiver (with built-in LCD screen and DVR)
- » Power Supply
- » Remote Control
