

## Wireless Picture Frame Hidden Camera with DVR and Quad Receiver

All-in-one surveillance solution features remote viewing via iPhone, iPad or web browser

Capture and view your covert surveillance video quickly and easily with this Wireless Picture Frame Hidden Camera with DVR and Quad Receiver. The easy to use covert solution features interference free wireless transmission (up to 700 feet), quad viewing for up to 4 camera views, and recording at 640 x 480 video resolution @ 30 fps per channel. The device offers remote viewing from a web browser, iPad or iPhone with an easy to access web link and included software. The Wireless Picture Frame Hidden Camera with DVR and Quad Receiver is USB and RCA compatible, and you can conveniently record video onto an SD card (up to 32GB) for on-board storage. This covert surveillance solution is easy to set up, simple to use and is engineered to handle a variety of security applications.
