

Active System Integration

CP-VTA-L2024CB

Real-time Data Transfer

www.asi.ind.in

Features

- Unique Fingerprint Positioning Design
- New generation waterproof, dustproof and scratchproof optical fingerprint sensor
- Advanced Algorithm for Reliable operation
- Realtime data transfer
- USB & TCP/IP connectivity
- Inbuilt high capacity 1100mAH Lithium battery backup. Ultra-long standby time up to 6 hours

Technical Specification

Processor	32-bit ARM MCU
Fingerprint Capacity	2000
Log Capacity	50000
Sensor	Optical Sensor
Scan Area	22mm*18mm
FRR	0.001%
FAR	0.00001%
LCD	128*64mm Blue LCD
Identification Mode	FP, ID+FP, ID+PW, FP+PW

Active System Integration

www.asi.ind.in

Technical Specification

Identification Time	< 0.5 Sec
Resolution	500 DPI
Fingerprint Image Display	Yes
Communication	USB & TCP/IP
Self-defined Status	16
Work Code	Yes
Operating Temperature	DC 5V
Recommended no. of users	Up to 1000 Employees
Backup Battery	1100mAH/6 Hours
Certifications	FCC, CE
Dimension	185(w)*130(h)*35(d)mm
